SEASONAL NATIVE SEEDLING LIST FOR 2024

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
ACACIA ACUMINATA Jam Tree	6-10m	Loamy soil INLAND	Host plant, hard durable wood. Flowers yellow Jul-Oct. Variety of habitats. Drought/frost tolerant, long lived, slow growing	SOLD
ACACIA CELASTRIFOLIA Glowing Wattle	1-3m	Loam, gravel soils INLAND	Bushy shrub/tree, slender stems, spreading, young leaves bright red Profuse yellow ball flowers Apr-Aug, sweetly scented Common on roadsides, dense understorey	SOLD
ACACIA COCHLEARIS Coastal Wattle	2m	Sandy soil COASTAL, WINDBREAK	Bushy erect to sprawling shrub Flowers yellow balls Aug-Sep. Grow in thickets along the coast	SOLD
ACACIA CYCLOPS Western Coastal Wattle	3m	Sand, limestone COASTAL, WINDBREAK	Medium shrub, thick leathery leaves Flowers yellow balls Sep-Jan. Tolerates saline soil, drought hardy	SOLD
ACACIA EXTENSA Wiry Wattle	1.5m	Sandy loam soils PREFERS DAMP AREAS	Erect slender shrub, interesting foliage, attractive bark Flowers yellow balls Aug-Oct. Found in damp areas, swamps	SOLD
ACACIA GLAUOPTERA Flat Wattle	1m	Clay, gravel	Small shrub with unique wing like foliage, red tips Flowers yellow balls emerging from central stems Aug-Dec. Drought tolerant	SOLD
ACACIA LASIOCARPA Panjang or Dune Moses	1m	Sand, gravel, clay COASTAL TOLERATES SALT	Shrub spectacular in flower Flowers yellow May-Oct Drought hardy, found in winter wet areas	SOLD
ACACIA LITTOREA Coastal Dune Wattle	1-2m	Sand, limestone	Dense pungent shrub Flowers yellow Aug-Nov. Grows in coastal limestone and sand dunes	SOLD
ACACIA MICROBOTRYA Manna Wattle	5m	Clay loam or sandy loam INLAND, WINDBREAK	Bushy shrub, fodder plant Flowers yellow Apr-July. Found on roadsides, water courses	SOLD
ACACIA MYRTIFOLIA Myrtle Wattle	2.5m	Loamy clay, gravel, sand WINDBREAK	Bushy shrub Flowers creamy yellow May-Jan. Hardy, planted roadside/tolerates coastal	SOLD
ACACIA PULCHELLA Prickly Moses	1.5m	Sandy loam, gravel COASTAL	Shrub, spectacular in flower, prickly Flowers yellow July-Sept. Found in low lying areas, swamps	SOLD
ACACIA ROSTELLIFERA Summer Scented Wattle	2-4m	Sandy loam, gravel COASTAL, WINDBREAK	Dense medium shrub, grey green foliage Clusters of globular yellow flowers Oct-Dec Well drained soil, tolerates limestone.	SOLD
ACACIA SALIGNA Golden Wreath Wattle	4m	Sandy loam, gravel COASTAL, WINDBREAK	Dense shrub or tree Flowers yellow Jul-Nov. Stock fodder, hardy in most positions.	SOLD

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
ACACIA UROPHYLLA Tall Leaved Wattle	2.5m	Sandy loam, gravel	Erect slender open shrub Flowers yellow May-Oct. Found along creeks and rivers, damp places.	SOLD
AGONIS FLEXUOSA WA Peppermint	10m	Sandy loam soils COASTAL, WINDBREAK	Round headed tree with weeping branches, Flowers white fragrant Aug-Dec. Shade tree, understory. Chief habitat of Ringtail Possums.	Tray 72 \$61.20
ALLOCASUARINA FRASERIANA Sheoak	9m	Sandy gravel soils WINDBREAK	Medium sized tree, sparse foliage, shade tree Flowers May-Jan, common on roadsides Associated with drier granite soils.	SOLD
ALLOCASUARINA HUEGELIANA Granite or Rock Sheoak	8m	Sandy loam soils WINDBREAK	Medium sized tree, sparse foliage Flowers May-Jan. Shade tree, fast growing, found roadside	SOLD
ALLOCASUARINA HUMILIS Dwarf Casuarina	50cm-2m	Sand, loam, gravel WINDBREAK	Erect or spreading shrub Flowers red, orange, brown May-Nov. Tolerates frost, dieback resistant Found in sand dunes	SOLD
ANIGOZANTHOS FLAVIDUS Tall Green Kangaroo Paw	1-2m	Most soils	Tall strappy leaved plant Green/yellow flowers Sep-Jan. Hardest of kangaroo paws, mass plant Bird attracting, best in full sun.	Tray 72 \$61.20
ANIGOZANTHOS FLAVIDUS RED Tall Red Kangaroo Paw	1-2m	Sandy loam	Tall flowering stems, multi flowers, clump of strap like leaves Look great mass planted, flowers red Sep-Jan. Hardy, tolerates wet/dry.	SOLD
ANIGOZANTHOS MANGLESII Red & Green Kangaroo Paw	50cm-1m	Sandy loam	WA Floral Emblem. Flowers red and green Sept-Nov. Needs sandy soil, good drainage.	Tray 72 \$61.20
ASTARTEA SCOPARIA Common Astartea	1.5- 2m	Loam, sand DAMP AREAS	Shrub occurs north of Perth through to Albany Small wax like white flowers Dec-Feb. Plant important to insects as it flowers at a time when few others are in bloom, found in winter wet areas	Tray 72 \$61.20
ATRIPLEX NUMMULARIA Old Man Salt Bush	3m	Most soils INLAND, WINDBREAK, FODDER	Large woody shrub Silver grey circular leaves often used as fodder Tolerates clay/saline soils, small white flowers all year Great for shelter or hedge, low rainfall inland areas	SOLD
BANKSIA ASHBYII DWARF Ashby's Banksia	1.5m	Sand, limestone	Dense low rounded shrub, showy blooms above foliage Intense orange flowers Apr-Oct, serrated grey foliage Drought and frost tolerant, nectar for native fauna and birds	Tray 63 \$103.95
BANKSIA ATTENUATA Candlestick or Slender Banksia	7-10m	Sand, limestone	Common tree, narrow serrated leaves, rough bark. Flowers slender bright yellow spikes Oct-Feb. Grows on coastal plains	SOLD
BANKSIA BAUERI Possum or Woolly Banksia	2m	Sand	Medium sized Banksia with tough toothed leaves Cream orange flowers May-Oct with greyish hairs Attracts honey eating birds	Tray 63 \$103.95
BANKSIA BAXTERI Baxter's or Bird Nest Banksia	1.5 – 4m	Poor sandy soils WINDBREAK	Medium to large shrub Attractive grey green triangular lobed leaves Yellow green flowers Dec-May, easy to grow Tolerant of dry conditions, ideal screen or windbreak	SOLD
BANKSIA BLECHNIFOLIA	50cm	Sand	Prostrate groundcover Attractive serrated foliage, rusty new growth Reddish pink flowers, cream base Sept-Nov. Under planting, embankments, likes dappled shade.	Tray 63 \$103.95
BANKSIA BURDETTII Burdett's Banksia	4m	Sand WINDBREAK	Bushy ornamental rounded shrub Two toned orange and cream yellow cone shaped flowers Jan-May Low windbreak	SOLD
BANKSIA ERICIFOLIA Heath-leaved Banksia	2-7m	Sand, sandy loam, clay loam WINDBREAK	One of the most beautiful Australian Banksia Large spikes of yellow-reddish/orange flowers most of year Low maintenance, fast growing Great poolside/ small gardens	SOLD

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
BANKSIA GRANDIS Bull Banksia	8m	Sand	Tree or shrub (South Coast). Leaves for floristry, cones for wood turning. Flowers yellow green Sep-Jan. Understorey, good drainage	SOLD
BANKSIA LITTORALIS Swamp Banksia	1.5-12m	Sand WET AREAS	Shrub or large tree with gnarled trunk and widespread dense canopy Good for shade, bird attracting Flowers yellow/orange Mar-Aug.	SOLD
BANKSIA MEDIA Golden Stalk Banksia	1-5m	Sand, most soils	Hardy shrub, broad leaves, toothed margins Conspicuous light yellow -orange brown flower spikes Mar-Aug. Suits coastal garden, well drained soil, tolerates drought, frost tender	SOLD
BANKSIA MENZIESII DWARF Dwarf Menzies Banksia	4m	Sand	Dwarf form, attractive shrub. Flowers orange/red Feb-Aug. Hardy, flowers used in floristry, needs good drainage.	Tray 63 \$103.95
BANKSIA NIVEA Couch Honey Pot	50cm	Sand, loam, clay, gravel	Small dense, erect shrub, attractive fern like foliage Flowers gold May-Sep. Hardy if soil is cool and well drained. Attracts birds.	SOLD
BANKSIA PRAEMORSA Cut Leaf Banksia Red Form	3m	Sand, clay, loam soils COASTAL WINDBREAK	Large ornamental shrub Dark red purple cylindrical flower spikes Jun-Nov. Wide variety of soils, adaptable, very hardy	SOLD
BANKSIA PRIONOTES DWARF	1.5m	Sand, clay, loam WINDBREAK COASTAL	Medium shrub, bird attracting Large orange and white flower heads Feb-Aug. Long serrated leaves, drought tolerant	SOLD
BANKSIA REPENS Creeping Banksia	40cm	Sand, sandy loam, gravel	Prostrate growth habit, vigorous, up to 3m across Branches horizontal and just below ground level giving appearance of flower spikes directly out of ground, flowers cream, pink or orange at bud stage Sept-Nov.	Tray 63 \$103.95
BANKSIA SCEPTRUM DWARF Sceptre Banksia	1.5m	Sandy well drained soils WINDBREAK	Small shrub, short slightly serrated foliage Tall bright yellow flower spikes Dec-Jan. Makes good hedges, windbreaks	Tray 63 \$103.95
BANKSIA SEMINUDA River Banksia	25m	Sand, loam, clay WET AREAS	Large fast growing tree. Flowers yellow orange red Mar-Aug. Prefers sites close to water or underground moisture in Jarrah or Marri forest.	SOLD
BANKSIA SESSILIS Parrot Bush	4-6m	Sand, limestone, gravel	Shrub or small tree Has prickly leaves, good source of nectar. Flowers cream yellow May-Nov. Revegetation species	SOLD
BANKSIA SPECIOSA Showy Banksia	3-6m.	Well drained sandy soils	Small tree or large many branched shrub, great cut flower Prominent yellow flowers with interesting geometric leaf formations Flowers May-Jun or Aug-Jan. Sandplains or coastal dunes	SOLD
BEAUFORTIA SPARSA Swamp Bottle Brush	2m	Sand, sandy loam WET AREAS	Attractive showy shrub with red bottlebrush flowers Jan-Apr. Flowers grow perpendicular to the stem. Prefers moist well drained sites.	SOLD
BOLBOSCHOENUS CALDWELLII Marsh Club Rush	30cm- 1.2m	Sand WET AREAS, SALT	Perennial grass like shrub Fl. Yellow brown Aug-Dec or Jan-Mar. Revegetation habitat for birds/frogs Found in sand, brackish river edges, salt marshes	SOLD
CALLISTACHYS LANCEOLATA Wonnich or Native Willow	1.5-6m	Sandy damp soils	Tall shrub, pea flowers Flowers orange-yellow Sept-Jan. Found on winter wet areas, swamps	Tray 72 \$61.20
CALLISTEMON GLAUCA Albany Bottlebrush	2m	Sandy loam or clay soils TOLERATES WET AND DRY	Slender erect shrub One of only two WA species of Callistemon Large showy red bottlebrush flowers Sept-Dec. Found on swampy flats.	Tray 72 \$61.20
CALLISTEMON PHOENICEUS Fiery Bottlebrush	4m	Sand, loamy gravel WINDBREAK	Hardy shrub, fast vigorous growth, WA species Brilliant red bottlebrush flowers. Sept-Jan. Suitable for waterlogging. Needs full sun.	Tray 72 \$61.20

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
CALLISTEMON RIGIDUS Stiff Bottlebrush	3m	Most soils	Bushy upright evergreen shrub, slightly arching branches Long narrow sharp pointed dark green leaves, hedge plant Bright red flowers Oct-Dec., copious source of honey, border plan Very hardy and will withstand poorly drained soils, privacy screens	Tray 72 \$61.20
CALLISTEMON SALIGNUS Willow Bottlebrush	7m	Most soils WINDBREAK	Small tree, weeping canopy, papery bark Bright green foliage with red new growth Flowers white Oct-Dec, attracts birds Tolerates wet/dry, prune to central leader	SOLD
CALLITRIS PREISSII Rottnest Island Pine	5-8m	Sand, loam, gravel. Limestone COASTAL, WINDBREAK	Tree or shrub, dense crowns of pine like foliage. Male and female cones on same tree Fl. Oct-Nov. slow growing Very hardy windbreak	SOLD
CALOTHAMNUS LATERALIS Swamp Blood Flower	50cm- 1.5m	Sand, clay	Erect slender shrub, long thin leaves Flowers red, Jan or May to Dec. Prefers moist sites, hardy	SOLD
CALOTHAMNUS QUADRIFIDUS One Sided Bottlebrush	2m	Sandy loam COASTAL, WINDBREAK	Red claw like one-sided flowering spikes, needle like leaves, screen Flowers red Aug-Dec. Fast growing in open position. Hardy.	SOLD
CALOTHAMNUS SANGUINEUS Blood Red Net Bush	2m	Sand, limestone	Erect to open spreading shrub. Flowers red Mar-Nov Sand plains or limestone ridges.	SOLD
CAREX APPRESSA Tall Sedge	80cm-1m	Boggy soil, sand WET AREAS	Large tussock grass, edge of leaves saw toothed Flower stems triangular, flower heads cream-yellow Spring-Summer turn deep brown when mature. Important wildlife habitat.	SOLD
CAREX FASCICULARIS Tassel Sedge	50cm-1m	WET AREAS	Densely tufted sedge spreading from short underground stems Flowering erect stems, whitish to pale brown Oct-Apr. Moist to wet soil, semi and dappled shade, tolerates wet feet	Tray 72 \$61.20
CARPOBROTUS VIRESCENS Coastal Pigface	Prostrate	Sand COASTAL SALT SPRAY AREAS	Succulent groundcover, sand binder Useful in rockeries or near the coast. Flowers pink, white, purple Jun-Jan. Drought/salt tolerant	SOLD
CASUARINA CUNNINGHAMIANA River Sheoak	20m	Sandy loam, gravel WINDBREAK	Tall shade tree, evergreen, needle like foliage Flowers red, conifer like cones. Nitrogen fixing, tolerates dryness	Tray 72 \$61.20
CASUARINA OBESA Swamp Oak	8m	Clay soils WINDBREAK, SALT	Small tree, fast growing Flowers Jan-Dec. Male/female plants. Excellent in saline soils and waterlogging.	SOLD
CHAMAECYTISUS PALMENSIS Tagaste or Tree Lucerne	5m	Prefers free draining soil types WINDBREAK	Shrub/small tree, long drooping leafy branches White flowers in Spring Nitrogen fixing, deep rooting Used as animal fodder during Summer/ early Winter	SOLD
CONOSTYLIS ACULEATA Prickly Conostylis	50cm	Sand, sandy loam, loam	Grass with green serrated strappy leaves. Vivid yellow flower heads on long stems Sept-Oct. Use as border plants. Sunny position.	SOLD
CONOSTYLIS CANDICANS Grey Cottonheads	30cm	Sand, sandy loam, loam COASTAL	Clumping grass, silver-grey foliage Clusters yellow flowers, long stems Aug-Sept. Useful in rockeries. Full sun.	SOLD
CORYMBIA CALOPHYLLA Marri or Red Gum	20m	Sand, loam, gravel WINDBREAK	Tree with rough bark, honky nuts, dense crown, fast growing. Shade or shelter tree suited to exposed windy sites Flowers white Dec-May. Prefers high rainfall areas. Common in WA	Tray 72 \$61.20
CORYMBIA CALOPHYLLA ROSEA Pink Flowering Marri	15m	Most soils Avoid wet poorly drained soils	Ornamental shade tree, rough brown-grey brown bark Good for honey production in WA, exudes red gum, has honky nuts Pink flowering Dec-May Bird attracting, tolerates dryness, light frost	SOLD
CORYMBIA CITRIODORA Lemon Scented Gum	30m	Sand, loam, gravel	Tall upright tree, smooth white bark Lemon scented foliage. Flowers white Jul-Sept/Nov-Dec. Fast growing, shade.	SOLD

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
CORYMBIA EXIMIA DWARF Yellow Bloodwood	12m	Sand, loam, gravel	Straight medium sized tree, thick crown, street tree Flowers cream white, heavy flowerer Will not tolerate frost when young, drought hardy	Tray 72 \$61.20
CORYMBIA FICIFOLIA Red Flowering Gum	10-12m x3-5m	Sandy gravel	Ornamental bushy tree, rough bark Flowers red orange Dec-May. Striking street tree, spectacular floral display.	Tray 72 \$61.20
CORYMBIA MACULATA Spotted Gum	30m	Sand, loam, gravel	Attractive timber tree, smooth mottled bark. Flowers white clusters May-Sept. Moderately drought tolerant.	Tray 72 \$61.20
EUCALYPTUS BOTRYOIDES Southern Mahogany	20m	Most soils COASTAL, WINDBREAK	Fast growing tall tree, Flowers white Dec-Jan. Drought tolerant, good timber/shade tree Grows in most soils, tolerates wet and salt	Tray 72 \$61.20
EUCALYPTUS CAESIA Silver Princess	7-15m	Loamy clay soils	Small tree with pendulous branches, long thin silver foliage, white powdery gum nuts, ornamental. Large red flowers May-Aug. Drought tolerant.	SOLD
EUCALYPTUS CAMALDULENSIS River Red Gum	18m	Sandy loam SALT, WET AREAS	Medium timber tree, smooth mottled bark Flowers small white Jul-Feb. Fast growing, honey, tolerates flooding	Tray 72 \$61.20
EUCALYPTUS CINEREA Argyle Apple /Silver Dollar	8m	Loamy sand, clay loam POOR SOILS	Small to medium sized tree, rough bark Greyish blue leaves, used in floristry Flowers white October-January	Tray 72 \$61.20
EUCALYPTUS CLADOCALYX Sugar Gum	30m	Most soils WINDBREAK	Tall tree, fast growing, wide spreading canopy Flowers white Jan-Apr. Timber, shade, honey, drought tolerant	SOLD
EUCALYPTUS CLADOCALYX NANA Dwarf Sugar Gum	9m	Most soils WINDBREAK	Compact bushy tree, glossy leaves. Small white flowers Jan-April. Fast growing, shade tree	Tray 72 \$61.20
EUCALYPTUS CONFERRUMINATA Bushy Yate	7m	Sandy loam COASTAL, WINDBREAK	Small mallee/tree, smooth bark, ornamental Flowers yellow green Aug-Nov. large unusual buds. Tolerates saline soil, wind, shade	Tray 72 \$61.20
EUCALYPTUS CORNUTA Yate	10-20m	Most soils COASTAL, WINDBREAK SALT, WET AREAS	Medium to tall tree, rough bark Showy green/yellow flowers. Jan-Nov. Clusters of long horn shaped buds, wet/dry areas	SOLD
EUCALYPTUS DIVERSICOLOR Karri	60m	Sandy loam WINDBREAK	Tall WA timber tree, smooth bark Flowers white May/Sept-Feb, Fast growing, good for honey, prefers hillsides	Tray 72 \$61.20
EUCALYPTUS ERYTHROCORYS Illyarrie or Red Capped Gum	4-9m	Sandy loam, limestone COASTAL	Small ornamental tree, smooth bark. Flowers spectacular bright yellow, red caps Feb-Apr. Needs good drainage.	Tray 63 \$85.05
EUCALYPTUS FORRESTIANA Fuchsia Gum	1-3m	Sand, clay	Small mallee or tree, smooth bark. Flowers yellow Jan-Mar/Apr-Jun. bright red buds. Found in dry areas near salt lakes	SOLD
EUCALYPTUS GLOBULUS Tasmanian Blue Gum	50m	Loam WINDBREAK	Plantation pulpwood tree, blue green foliage Masses white flowers. Sept-Dec. Fast growing, shade, prefers loamy damp soils	Tray 72 \$61.20
EUCALYPTUS GOMPHOCEPHALA Tuart	30m	Sand, limestone COASTAL, WINDBREAK	Large tree, rough grey bark. Flowers cream Jan-Apr. Shade, timber, tolerates drought.	Tray 72 \$61.20
EUCALYPTUS GRANDIS Rose Gum	40m	Loam COASTAL, WINDBREAK	Large majestic tree, flowers cream Apr-May. Suitable for timber, shade, honey, shelter Fast growing, prefers damp sites	SOLD
EUCALYPTUS KRUSEANA Book Leaf Mallee	2-3.5m	Sandy loam INLAND	Straggly smooth barked mallee, blue grey rounded leaves Flowers greenish/yellow Jun-Sept. Frost/drought tolerant, ornamental/drier parts	SOLD

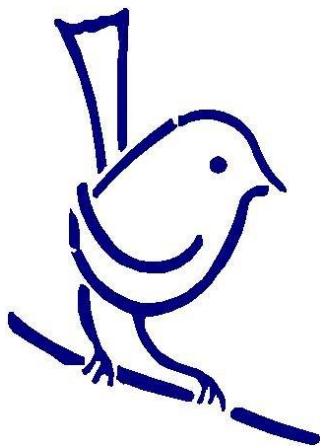

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
EUCALYPTUS LAELIAE Darling Range Ghost Gum	10-18m	Sand, clay, gravel	White trunked upright tree. Flowers cream Dec-Feb. Shade, found on granite outcrops and hills.	SOLD
EUCALYPTUS LEUCOXYLON MEGALOCARPA Large fruited Pink Flowering Yellow Gum	5-10m	Most soils DRY AREAS WINDBREAK	Attractive medium sized tree, pretty specimen Light pink-red flowers Aug-Feb. Bird attracting, suits well drained slightly drier soils Handy as a windbreak or planted along fence line	Tray 72 \$61.20
EUCALYPTUS LEUCOXYLON ROSEA Pink Flowering Yellow Gum	8-15m	Variety of soils WINDBREAK	Tree with large shady crown, open habit. Flowers pink/crimson Sept-Feb Fast growing, good for dry summer climates	Tray 72 \$61.20
EUCALYPTUS MACROCARPA Mottlecah or Rose of the West	2-4m	Sandy soils INLAND	Mallee, blue grey leaves, white bark. Large red/pink flowers Aug-Jan/Apr-Jun. Large nuts, needs good drainage	SOLD
EUCALYPTUS MARGINATA Jarrah	35m	Sand, loam, gravel WINDBREAK	Timber tree, straight trunk, shady crown Flowers cream Sept-Feb. Shade, fine furniture. Common in WA.	SOLD
EUCALYPTUS NICHOLII Narrow Leaved Peppermint	14m	Most soils	Ornamental tree, short trunk, compact Flowers cream. Mar-May. Drought/frost/limestone tolerant, good shade	Tray 72 \$61.20
EUCALYPTUS OCCIDENTALIS Flat Topped Yate	12m	Sandy loam WET AREAS, SALT	Medium tree, shady crown. Flowers cream white Nov-May. Drought/frost/flood tolerant, fast growing	Tray 72 \$61.20
EUCALYPTUS PATENS WA Blackbutt	3-25m	Sandy loam WINDBREAK, WET	Tree, rough bark, Flowers cream Jul-Aug/Nov-Feb Fast, tolerates flooding, likes moist soils.	SOLD
EUCALYPTUS PREISSIANA Bell Fruited Mallee	2-3m	Sand, gravel, clay WINDBREAK	Ornamental flowering shrub. Large yellow flowers Aug-Nov. bell shaped nuts Well drained soils, suits small gardens	Tray 72 \$61.20
EUCALYPTUS PULVERULENTA Silver Leaved Mountain Gum	8m	Most soils	Tall shrub, small tree, round silver powdery leaves Large cup shaped cream flowers May-Nov. Used as cut foliage in floristry, responds to pruning	Tray 72 \$61.20
EUCALYPTUS ROBUSTA Swamp Mahogany	20m	Sand, loam, clay WET AREAS	Timber tree, dense canopy, rough bark Flowers white May-Jul. Shade, winter wet areas, tolerates flooding.	Tray 72 \$61.20
EUCALYPTUS RUDIS WA Flooded Gum	15m	Sandy loam WINDBREAK, WET AREAS, SALT	Medium shade tree, Flowers cream Jul-Sept. Soil stabiliser, slightly salt tolerant	Tray 72 \$61.20
EUCALYPTUS SALIGNA Sydney Blue Gum	35m	Sandy loam, loam	Large ornamental/timber tree, smooth bark Flowers white Jan-Mar. Fast growth, suits poorer soils	Tray 72 \$61.20
EUCALYPTUS SIDEROXYLON ROSEA Red Iron Bark	15m	Most sandy to clay soils	Upright as juvenile then open spreading Adapts to many sites, strong timber tree Pink red flowers May-Oct., fast growing in right conditions	Tray 72 \$61.20
EUCALYPTUS SPATHULATA Swamp Mallet	8m	Sandy loam, clay loam, clay INLAND, SALT	Ornamental tree, smooth reddish bark. Flowers creamy white, red bud caps Oct-Apr. Fast growing, saline soils, salt depressions	Tray 72 \$61.20
EUCALYPTUS TORQUATA Coral Gum	7m	Stony loam or clay INLAND	Small tree, rough bark Pretty pink/red flowers Aug-Dec, red horn like buds. Street tree, tolerates dry/frost	SOLD
EUCALYPTUS UTILIS (was <i>E. platypus heterophylla</i>) Coastal Moort	5m	Sand, clay loam, loam, limestone COASTAL, WINDBREAK	Bushy to the ground tree, fast growing Flowers tiny white Sept-Jan. Tolerates wind, drought, salt, great for windbreak, shelter for stock	Tray 72 \$61.20
EUCALYPTUS VICTRIX Snow Queen	6-8m	Sand, clay, loam INLAND	Small/medium tree, smooth white trunk Flowers white/cream Nov-Mar. Drought tolerant, suits small gardens, slow growing	SOLD

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
EUCALYPTUS WANDOO Wandoo or White Gum	25m	Sandy loam, gravel, clay INLAND	Medium sized tree, powdery white smooth bark Flowers cream Dec-May Shade, hard durable timber, honey	Tray 72 \$61.20
FICINIA NODOSA Knotted Club Rush	1m	Sand COASTAL, WINDBREAK WET AREAS, SALT	Wiry rush with brown flower spikes on stem in Summer Prefers moist soils. Full sun/light shade. Good soil stabiliser.	Tray 72 \$61.20
GREVILLEA ROBUSTA Silky Oak	15-20m	Sandy loam, sandy clay	Largest grevillea, fast growing shade tree, timber Flowers orange Oct-Nov. rust coloured new growth Bird attracting.	SOLD
HAKEA AMPLEXICAULIS Prickly Hakea	1-3m	Clay, loam, gravel	Erect slender shrub, smooth grey bark. Flowers white cream pink Aug-Oct. strong sweet scent Drought /frost hardy Wildlife habitat	SOLD
HAKEA LAURINA Pin Cushion Hakea	5m	Most soils WINDBREAK	Small ornamental tree, hardy Pretty pink/red pin- cushion type flowers Apr-Aug. Bird attracting, prefers good drainage, tolerates frost	SOLD
HAKEA LISSOCARPHA Honey Bush	1m	Sandy gravel WINDBREAK	Erect to sprawling pungent shrub Flowers white pink Jun-Sep. Understorey plant. Drought/frost tolerant.	SOLD
HAKEA MARGINATA	1-5m	Sand or gravelly loam, sandy clay, granite	Erect to spreading shrub Flowers white Aug-Oct. Found in wet depressions, flats, swampy areas, tolerates clay	SOLD
HAKEA OLEIFOLIA Olive-leaved Hakea	5m	Most soils COASTAL, WINDBREAK	Upright coastal shrub or understorey. Flowers large white Aug-Oct. Frost/salt spray tolerant, shade, revegetation.	SOLD
HAKEA ORTHORRYNCHA Bird Hakea	1-3m	Sand, loam WINDBREAK	Erect medium spreading shrub Flowers red May-Sept., pods have distinct beaks Flowers are on the old wood, bird attracting	Tray 63 \$103.95
HAKEA PETIOLARIS Sea Urchin Hakea	2-9m	Loam, granite soils	Large shrub, small tree, tolerates moderate frost White cream pink mauve flowers Mar-Jul, pale grey green leaves Makes great feature plant, attracts birds, bees, butterflies	SOLD
HAKEA PROSTRATA Harsh Hakea	3m	Most soils WINDBREAK	Erect to spreading shrub, prickly leaves. Masses white cream scented flowers. Aug-Nov. Wildlife habitat, revegetation.	SOLD
HAKEA RUSCIFOLIA Candle Hakea	50cm -3m	Sand, gravelly clay COASTAL	Prickly shrub Flowers cream white Dec-Jun. Great for revegetation, attracts insects	SOLD
HAKEA TRIFURCATA Two-leaved Hakea	50cm - 2.5m	Sand, loam, gravel, limestone	Dense shrub, good cut flower. Flowers whitish pink Apr-Oct. Strongly scented and attracts birds/bees.	SOLD
HAKEA UNDULATA Wavy Leaved Hakea	1-2m	Clay, loam, gravel, sand	Erect shrub White flowers Jul-Oct, pointed wavy leaves Tolerates extended dry soils	SOLD
HAKEA VARIA Holly Leaved Hakea	3m	Sand, sandy loam, clay, gravel WINDBREAK, WET	Large shrub, slightly prickly, good for hedge Flowers white/cream Jul-Nov. Frost tolerant, sun/part shade, revegetation	SOLD
HARDENBERGIA COMPTONIANA Native Wisteria	Climber	Sand, loam COASTAL	Vigorous native climber Clusters of small purple pea flowers Jul-Sep. Common in bushland, tall scrub and forest. Looks great grown over a trellis or fence	SOLD
HARDENBERGIA VIOLACEA ALBA White Native Wisteria	Climber to 1.5m	Most soils COASTAL, INLAND	Shrubby form of native climber, leathery leaves Showy pea shaped white flowers in Aug-Nov Will grow in shade but flowers best in full sun Fast growth, drought tolerant	SOLD
HYPOCALYMMMA ANGUSTIFOLIUM White Myrtle	1m	Sand, sandy clay COASTAL	Erect multi stemmed plant, fine soft foliage. Flowers white/pink Jun-Oct. Profuse flowering.	SOLD

SPECIES/COMMON NAME	HEIGHT	SOIL TYPE/USE	CHARACTERISTICS	COST PER TRAY
JACKSONIA FURCELLATA Grey Stinkwood	3m	Sand COASTAL	Irregular shaggy shrub. Flowers yellow/orange/red Oct-Mar. Found in swampy and sandy areas.	SOLD
JUNCUS KRAUSSII Dune Slack Rush	1m	Sand, sandy loam COASTAL WET AREAS, SALT	Sparse dark green pointed leaves, Dark brown flowers in loose clusters Nov-Dec. Grows in saline areas.	Tray 72 \$61.20
JUNCUS PALLIDUS Pale Rush (Giant Rush)	2m	Sandy loam, sand COASTAL WET AREAS	Wetland sedge, needs full sun. Flowers pale yellow Oct-Nov. Hardy in wet areas.	Tray 72 \$61.20
JUNCUS SUBSECUNDUS Finger Rush	0.3-1m	Most soils, clay	Evergreen slender sedge Flowers bronze-brown Oct-Jan. Full sun/part shade, suits bog gardens, ponds	SOLD
KENNEDIA COCCINEA Coral Vine	Climber	Sand, loam, gravel	Twining or trailing shrub or climber. Flowers red/yellow/pink pea Aug-Nov. Found on sandy soils	SOLD
KENNEDIA PROSTRATA Running Postman	Runner	Sand, loam, gravel	Prostrate or twining shrub. Flowers red pea Apr-Nov. Usually found on sandy gravelly soils.	SOLD
KUNZEA BAXTERI Baxter's Kunzea	2m	Sandy gravel	Hardy robust shrub Bright red bottlebrush flowers Jul-Mar. Good windbreak/hedge.	Tray 72 \$61.20
KUNZEA GLABRESCENS Spearwood	1.5-4m	Clay, sand	Bushy shrub, revegetation. Flowers yellow Oct-Nov. Edge of swamps, lakes and rivers.	SOLD
KUNZEA RECURVA Mauve Kunzea	2m	Sand, sandy loam, gravel WET AREAS	Erect or ascending shrub. Flowers pink/mauve Aug-Nov. Winter wet depressions and rocky slopes.	SOLD
LEPIDOSPERMA GLADIATUM Coastal Sword Sedge	1m	All soils including limestone COASTAL	Sword like leaves over 1 metre high, vigorous Heads of brown flowers appear in Summer/Autumn Grows in coastal areas, damp sands, landscape plants around pools, drought tolerant	SOLD
LEPTOSPERMUM SCOPARIUM Manuka or Tea Tree	3-4m	Sandy soils, well drained	Evergreen shrub suitable for hedge or screen plant. White flowers occasionally tinged pink in Spring and early Summer. Suits heavy shade, frost hardy Can be used to produce Manuka honey	Tray 72 \$61.20
LOPHOSTEMON CONFERTUS Brush Box	10-15m	Loam	Fast growing street tree, resistant to pests, round pyramid shape Glossy dense green foliage, great for shade Drought tolerant, minimal upkeep	SOLD
MELALEUCA ARMILLARIS Bracelet Honey Myrtle	5m	Most soils WINDBREAK	Small tree with dense foliage, Red/pink buds open to white bottlebrush flowers Oct-Nov. Drought/salt tolerant, great screen	Tray 72 \$61.20
MELALEUCA CUTICULARIS Saltwater Paperbark	8m	Most soils COASTAL, WINDBREAK WET, SALT AREAS	Tree or shrub, often twisted branches, papery white bark, shade Flowers cream Aug-Nov. Suits swampy saline soils, creek lines.	SOLD
MELALEUCA ELLIPTICA Granite Bottlebrush	1-4m	Sandy soils, gravel	Erect shrub, bark slightly papery and grey. Flowers red bottlebrush Jun or Sept to Dec/Jan. Found on granite rock, extremely hardy.	Tray 72 \$61.20
MELALEUCA FULGENS Scarlet Honey Myrtle	2-3m	Sand, clay, loam, gravel	Compact rounded shrub, slender branches Flowers scarlet red-pink Jul-Dec, gold tips Grows well on sandy soils, likes plenty of water	Tray 72 \$61.20
MELALEUCA HAMULOSA Creeklime Honey Myrtle	3-4m	Most soils, clay WET OR DRY, SALT	Bushy, broom-like shrub Flowers white, pink -mauve Sept-Jan. Frost hardy, suits creek lines	SOLD

BOYANUP BOTANICAL TRADING HOURS

Monday-Friday 8am-5pm
Saturday-Sunday 9am-3pm

All seedling orders will be ready on the 1st June so please feel free to call in and pick up from that date. You will only be notified if any shortfalls in your order. If it is a large order then it would be appreciated if we have an email or phone call with date of pickup so we can have the order out and trays popped for your convenience.

Phone 97315470

Or

Email sales@boyanupbotanical.com.au

ALL PRICES ARE CURRENT FOR 2024 SEASON ONLY

Order early to avoid disappointment. While every effort is made to fill orders we do work on a first in basis. As we are dealing with a live product we sometimes may face shortfalls due to unforeseen circumstances.

Trays remain the property of Boyanup Botanical. A \$5.00 tray hire will be charged per tray and we would appreciate their return by 30th September 2024.

All seedling orders will be available from 1st June 2024 and should be collected by the 31st August 2024 unless a prior arrangement has been made.

Please give 48 hours notice before collection of all large orders.

All cancelled orders after 1st June 2024 will be charged at normal prices.

No orders will be picked for quantities of less than Half trays of the same species. All unallocated seedlings will be available in the Pick n Mix section on or after 1st June 2024

where you will be welcome to choose as few or as many as you would like. Seedlings will be charged at single rates.
